PRESS RELEASE

Good Luck Steel Won Star Performer Award For Export Excellence

Ghaziabad, March 11, 2016: Good Luck Steel Tubes Ltd, an engineering product manufacturing conglomerate with over 3 decades of experience in manufacturing and export of Steel Tubes, Engineering Structures, Forgings and Cold Rolled value added products, has received the prestigious star performer award in the 45th EEPC India Regional Award (Northern) for Export Excellence 2012-13 in Large Enterprises category.

Commenting on this honour, **Mr. Mahesh Chandra Garg, Chairman said**, “Export market has been challenging but we maintained our star position in overseas market. We take this honour as our customer’s unflinching faith in our product and company”.

The Engineering Export Promotion Council (EEPC) was set up in 1955 under the sponsorship of Ministry of Commerce, Govt. of India, for export promotion of engineering goods, projects and services from India. It is the largest Export Promotion Council having membership of nearly 13,000 from amongst large Corporate Houses, Star Trading Houses, Small & Medium Scale Units (SME), Trading Houses, etc. The award ceremony was held on 5th March, 2016.

About Good Luck Steel:

Good Luck Group is an ISO 9001 certified organization, engaged in manufacturing and exporting of wide range of Automobile CDW Tubes, Forged Engineering Products, T&D Towers & Boiler Structure, Galvanized Pipes, Roofing Sheets & Annealed Sheets. Our Group is one of India's leading and fastest growing business groups with over 1,800 employees and having plants and units at different locations. With all requisite facilities and domain expertise, Good Luck has the capacity to manufacture & process around 2,00,000 MT of various steel products. Years of research and careful co-ordination of methodology has resulted in qualitatively superior products meeting stringent customer norms, manufactured by cost effective production techniques.

Statements in this document relating to future status, events, or circumstances, including but not limited to statements about plans and objectives, the progress and results of research and development, potential product characteristics and uses, product sales potential and target dates for product launch are forward-looking statements based on estimates and the anticipated effects of future events on current and developing circumstances. Such statements are subject to numerous risks and uncertainties and are not necessarily predictive of future results. Actual results may differ materially from those anticipated in the forward-looking statements. The company assumes no obligation to update forward-looking statements to reflect actual results, changed assumptions or other factors.
