Key Financial Highlight (Rs. Crore): -

Performance Highlights: -

For the quarter ended September 30th, 2021:

- Revenue from Operations stood at Rs. 635.38 crore in Q2 FY22, as against Rs. 419.27 crore in Q2 FY21, growth of over 51.5% mainly on account of better sales realisations and higher contribution from exports along with a better product mix
- EBITDA for the quarter was Rs. 43.59 crore as against Rs. 33.56 crore in Q2 FY21, increase of 29.9%
- EBITDA per Ton for the quarter was Rs. 6,841 as against Rs. 5,077 in Q2 FY21

• Q2 FY22 Profit stood at Rs. 17.02 crore as against profit of Rs. 9.55 crore in Q2 FY21, increase of 78.2%

For the half-year ended September 30th, 2021:

- The volumes stood at **1,25,434 tonnes** as against 1,05,338 tonnes in H1 FY21, growth of over 19% despite of issues in availability of raw material
- **Revenue from Operations stood at Rs. 1,206.62 crore** in H1 FY22, as against Rs. 671.12 crore in H1 FY21, growth of **79.8%** mainly on account of higher sales realisations, higher contribution from exports along with a better product mix
- EBITDA stood at Rs. 83.27 crore as against Rs. 56.27 crore in H1 FY21, increase of 48.0%
- **EBITDA per Ton for half year was Rs. 6,639** as against Rs. 5,341 in H1 FY21 on account of higher volume sales and increased exports revenue resulting better realisations and utilisation
- H1 FY22 Profit stood at Rs. 30.55 crore as against profit of Rs. 10.81 crore in H1 FY21, increase of 182.6%
- Exports sales for H1 FY22 stood at 36.63% of total revenue

Management Comment:

Commenting on the result, Mr. Mahesh Chandra Garg, Chairman, Goodluck India said,

"I am happy to state that the current quarter in discussion is a reflection of the efforts we have been putting in bringing our Company this far. We have been able to deliver results which give us sense of satisfaction as they indicate the exact same trend in which we are striving to take this Company forward. During the half year, our sales volumes stood at 1,25,434 tonnes with a revenue of Rs. 1206.62 crore, EBIDTA of Rs. 83.27 crore and PAT of Rs. 30.55 crore. This growth has been on several counts – the effort that we have been putting in over last several years in developing difficult to manufacture engineered products, entry into defence and aerospace sector, evolution into supplier for some of the top auto brands across the globe for precision tubes and more. We are concentrating on slowly changing our product mix towards greater contribution from value added products.

I would take this opportunity to further state that Goodluck is at its inflection point. Our efforts are enabling us to penetrate deeper into the various markets that we are in. Also, the quality and our manufacturing expertise, which are our core strengths, are helping us add more clients and win orders where precision engineering skills are required. With the completion of the current capex, we would be in far better position to penetrate deeper in some of the most lucrative sectors.

Overall, we remain focused on creating value for our stakeholders and managing the business for the long term to transform our business and our ways of working. I am thankful to the entire team at Goodluck for their efforts and overcoming gripping uncertainties and delivering good results."

About Goodluck India Ltd.

Goodluck, a 35 Year Old group promoted by IITians, as a steel processor, converting basic steel to quality engineering products. It is an ISO 9001:2008 certified organization, engaged in manufacturing and exporting of a wide range of galvanized sheets & coils, towers, hollow sections, CR coils and pipes & tubes.
